LUBBOCK COUNTY
CONTRACTED FIRE DEPARTMENT
REQUEST FOR PUBLIC SAFETY
CRITICAL NEEDS FUNDING FY2024

In the FY24 Lubbock County Budget, the Lubbock County Commissioners Court have allocated a total of $500,000 for Public Safety Critical Needs Funding to contracted fire departments in Lubbock County. These funds are separate and apart from the contractual Fire and Rescue Suppressions Services Interlocal Agreement and are not meant to function as a budget reduction mechanism for the fire department or to replace other source(s) of income by another governmental entity. This allocation is specifically allotted to supplement the fire department's budget in meeting the critical needs for equipment. They are meant to exclusively enhance the firefighting capabilities of the fire department and to facilitate the purchase of additional firefighting equipment and/or PPE to bolster the fire department's fire services and functions.

Lubbock County will distribute up to $500,000 for Public Safety Critical Needs Funding with approved application between the 11 contracted fire departments that are in good standing with the County. Lubbock County shall not accrue any equity or ownership interest in any firefighting and/or PPE equipment purchased by the fire department and likewise, Lubbock County shall not be responsible for licensing, inspection, repairs or maintenance of any firefighting equipment and/or PPE purchased by the fire department. **Applications will be accepted through December 31, 2023. Completion of a funding request application does not guarantee Public Safety Critical Need Funding for any given entity.**
