WHY YOU CAN'T MISS CONEXPO-CON/AGG

In the construction business everything we talk about is benchmarked by the last CONEXPO-CON/AGG we went to. It's like everything revolves around CONEXPO-CON/AGG. Even our conversations with our employees years after the show connect back to what we saw and learned at the show. Also, the hospitality by the manufacturers is a major highlight. At CONEXPO-CON/AGG you have fun and you learn.
