What We Do & Where We Do It

Federal legislation governing transportation funds requires metropolitan area transportation plans and programs to be developed through a continuing, cooperative, and comprehensive (3-C) planning process. The Lubbock Metropolitan Planning Organization is the MPO for the Lubbock urbanized area and covers the adjusted urbanized area plus the area projected to be developed within the next 20 years.

The Lubbock Metropolitan Planning Organization is made up of various stakeholders including the City of Lubbock, the City of Wolfforth, Lubbock County, the Texas Department of Transportation's Lubbock District Office, and Citibus (public transportation), with the guidance of the Federal Highway Administration and the Federal Transit Administration.

The LMPO is designated by the Governor of Texas through its Transportation Policy Committee.
